

BUILDING SAFETY CERTIFICATE

TO WHOMSOEVER IT MAY CONCERN

This is to certify that construction work of the school building **River Valley Global School Jhiverhedi, Dehradun** was inspected by me on 05.01.2023 in the presence of the school principal.

I observed the following safety measures there :-

1. Building has a framed RCC structure with footing, column and beam.
2. Building has a pile foundation.
3. The RCC slab structure is in good condition
4. There is ample provision for fire and earthquake safety.
5. Building is most comfortable and airy for the students.
6. Building is completely safe and fireproof and does not have any damages and cracks.
7. There are wide corridors on every floor.
8. There is One main gate for students for entrance and exit.
9. Classrooms are constructed as per the standard specification of ICSE/CBSE.
10. The building is constructed as per the standards of Utrkhand Bye-laws.
11. Structure of the building is safe as it is not constructed in a landslide prone area.
12. As per my inspection, the structure of the building is safe for children and staff.

This certificate is valid for 5 years.
